What the Campers had to say:

“Best Camp I Ever Attended!”

“Great teacher, not too boring, learned a lot and had fun.”

What their parents had to say:

“My son was so enthusiastic about going to camp each day. It is the right program at the right time for someone who has struggled with self-confidence and school.”

“The best part is that it gets the kids to think about the future and how they have a hand in it by the choices they make.”
